Basis of audit opinion

We have conducted our audit in accordance with those elements of generally accepted international standards on auditing relevant for the purposes of forming an opinion on the Schedules. These standards require that we plan and perform the audit in order to obtain reasonable assurance as to whether the Schedules are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedules. An audit also includes assessing the accounting principles used and significant estimates made by the management as well as evaluating the overall Schedules' presentation. We believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion, the Schedules referred to above present fairly, in all material respects, the information required to be reported under the Agreement by <XYZ Corporation> for the <xx> month period ending <ddmmyy> and the amount of royalties applicable thereto, under the Agreement referred to above.
